Joint Petition – UFU and UV

The United Firefighters Union and United Voice (Ambulance Union) have come together in a show of strength to fight for the rights of all our member's.

UFU and UV have organised a petition to the Minister for Community Safety
<http://www.change.org/petitions/minister-for-community-safety-we-want-our-minister-to-stand-with-us-not-against-us>

Please go to this site and show your support as we need the Minister to understand that we will not accept the attacks on our rights and conditions.

Firefighters, Communication Officers and Ambulance Officers will be working together to show their support for each other and their community by filling out petitions, marching at the rally and various other community engagements.

The community campaign has already been launched and you can be part of it by going to www.standingwithus.com Please have as many family and friends visit this site and show your support as we need to educate the whole community.

If you can spare any time for letterbox drops and general campaigning, please email your name, telephone number and email address to ufu@ufuq.com.au

John Oliver
State Secretary
